Back up date due to weather concerns				
Sunday April 21st	5:30 PM	7:30 PM	9U (G1, G2, G3) & 7U A	Charlie Killam School Diamond

Process

Skill Evaluations - All players will take part in the Skill Evaluations. The purpose is to evaluate athletic abilities and skill aptitude with fundamental baseball skills in the 4 main baseball categories of hitting, fielding, catching & throwing. This will provide baseline for our Evaluation team to use when making decisions on team creations.

All players that have indicated their intention to play for our 7UA and 9U Rookie teams, will be assigned a group for the evaluation sessions. Selected Coaches will be announced for the team(s) prior to the sessions. After the evaluation sessions, teams will be posted to our website in the following days along with further information regarding practice information.
